

Last Name	First Name	Email	Institution	Topic 1	Topic 2	Topic 3	Specialty
Adams	Julie	adams.julie@mayo.edu	Mayo Clinic	Scapholunate pathology, wrist arthritis, Wrist trauma and reconstruction, distal radius fractures	Elbow trauma and reconstruction	Compressive neuropathy, tendon and nerve conditions	Hand Surgery
Balach	Tessa	tbalach@bsd.uchicago.edu	The University of Chicago	Bone sarcomas	Soft tissue sarcomas	Metastatic bone disease	Orthopaedic Oncology
Bauer	Andrea	andrea.bauer@childrens.harvard.edu	Boston Children's Hospital - Harvard Medical School	Brachial plexus birth paly	Congenital hand differences	Pediatric upper limb trauma	Pediatric Hand
Bohn	Deb	deb.bohn@tria.com	University of Minnesota - Gillette Children's Specialty Healthcare	Opioid prescribing after orthopaedic surgery--best practices	Pediatric upper extremity trauma with focus on elbow trauma and elbow OCD	Congenital hand conditions	Pediatric and Adult Hand & Upper Extremity
Brady	Jacqueline	munch@ohsu.edu	Oregon Health & Science University	Patellofemoral instability, including the latest multicenter research geared to identify the group of patients that is most likely to suffer a recurrence after the first event.	Shoulder instability, including simple labral repair and complex/revision reconstruction.	Resident education, specifically simulation training. OHSU has a novel system that is largely wet-lab based, and offered for all levels of training.	Sports Medicine
Cannada	Lisa	cannada.lisa@gmail.com	Hughston Clinic, Novant Health	Women in Orthopaedics: Where are we Now? Diversity Snakes in the Grass: Discrimination, Bullying and Harassment in Medicine	What's New in Orthopaedic Trauma Upper Extremity Trauma: Humeral Shaft, Distal Humerus, Radial Head, Distal Radius Lower Extremity: Geriatric Fractures, Distal Femur, Tibial Shaft: What is all of the Hype with Suprapatellar Nailing, The Mangled Extremity: Don't Run and Hide	Mentoring: The Art and Science; Medical Students, Fellows and Young Practioners, Applying for the Fellowship Match	Trauma
Chen	Antonia	antoniachen1@gmail.com	Brigham and Women's hospital	Diversity	Robotics in orthopaedics	Intrawound antibiotics	Total joint Arthroplasty
DeMaio	Marlene	marlene.demaio@gmail.com	UPENN Perleman School of Medicine, CPL Crescenz VAMC	Snakes in the Grass: Discrimination, Bullying and Harassment in Medicine	Knee ligament injuries, OA treatment	Leadership Developing Research Programs	Sports Medicine, General Orthopaedics
Engel	Jamie	jengel@alumnu.nd.edu	Templye University Hospital	Fractures	Nutrition as it pertains to orthopaedics and trauma	Ballistic injuries	Trauma
Flanagan	Jill	Jill.Flanagan@choa.org	Children's Healthcare of Atlanta	Osteogenesis imperfecta	Limb lengthening	Limb deformity analysis a	Limb deformity
Frank	Rachel	rmfrank3@gmail.com	University of Colorado	Joint preservation - cartilage restoration, meniscus transplantation,	Biologics as augmentation to surgery and as non-surgical solutions	Shoulder instability - from nonop to revision reconstruction for recurrent instability.	Sports medicine
Franklin	Corinna	corinnafranklinmd@gmail.com	Shriners Hospital for Children - Philadelphia	sports medicine, ACL & Patellar instability in particular	Sex differences in peds/adolescent sports medicine/the female athlete	Sports med for patients with limb differences, special needs	Pediatric ortho/peds sports medicine
Hardesty	Christina	christina.hardesty@uhhospitals.org	Rainbow Babies and Children's Hospital (Cleveland - Case Western)	Treating CP and other neuromuscular disorders completely (surgery, tone management, etc - I	Peds Spine - including early onset, complex procedures, navigation techniques	Peds Fractures or "How to survive the peds ER"	Pediatric Ortho: Spine and CP
Humbyrd	Casey	casey.humbyrd@jhu.edu	Johns Hopkins University	Ethical challenges in orthopedic surgery	The ethics of bundled payments for total joint arthroplasty	Achilles tendon injuries	Foot and Ankle
Jain	Rina	rina.jain1024@gmail.com	Synergy Specialists Medical Group	Outpatient joint replacement	Robotic knee replacement	Hip and knee replacement	Total joint replacement
Lajam	Claudette	clajam@gmail.com	NYU Langone Orthopedic Hospital	Regionalization of Healthcare: A Cautionary Tale	Change Management: How to Move the Needle in Your Institution - Examples from Total Joint	High Reliability Organizations	Musculoskeletal Radiology
LaPorte	Dawn	dlaport1@jhmi.edu	Johns Hopkins	Surgical simulation	Learner mistreatment	Deneration or Flexor tendon repair	Hand
Lattanza	Lisa	lisa.lattanza@ucsf.edu	University of California San Francisco	Use of 3D Surgical Planning for Deformity Correction in Pediatric and Adult Patients	Elbow Instability	Diversity in Orthopaedic Surgery	Hand, Elbow and Upper Extremity Surgery
Matzkin	Elizabeth	ematzkin@bwh.harvard.edu	Brigham and Women's Hospital - Harvard Medical School	The Female Athlete/RED-S	ACL Reconstruction	Youth Sports Injuries	Sports Medicine
Mercer	Deana	dmercer@salud.unm.edu	University of New Mexico Health Sciences Center Department of Orthopaedics and Rehabilitation	Hand - fracture care, joint pathology, congenital hand, microvascular	Upper Extremity - Shoulder arthritis, radial head fractures, olecranon fractures, instability	Wrist - distal radius fractures, scaphoid fractures, instability, congenital problems	Elbow Surgery and Hand Microvascular Surgery
Minkowitz	Barbara	bminkowitz@aol.com	Atlantic Health System	Vitamin d and bone health	Sepsis and infections	Vitamin d and supplementation compliance	Pediatrics
Mulcahey	Mary	mary.mulcahey.md@gmail.com	Tulane University School of Medicine	ACL Tears in Female Athletes: Risk Factors and Injury Prevention	Education topics including Mentoring in Orthopaedic Surgery, Structure and Expectations of Sports Medicine Fellowships; Factors Related to Gender Diversity In Orthopaedic Residency Programs in the United	Women's Sports Medicine: Common Injuries and The value of a Comprehensive Program to Care for Active Women	Sports Medicine

O'Connor	Mary	mary.oconnor@yale.edu		High Performance Teams	Healthcare Disparities	Conscious and Unconscious Bias: White and Male Privilege	Adult Reconstruction
Page	Alexandra	alexe.page@gmail.com	Private Practice	Health Care disparities	Health Care policy	Gender issues in orthopaedics	Foot & Ankle
Poon	Selina	selinacpoon@yahoo.com	Shiners for Children Medical Center	Adolescent idiopathic scoliosis	Early onset scoliosis	General pediatric orthopedics	Pediatrics, Spine
Samora	Julie	julie.samora@nationwidechildrens.org	Nationwide Children's Hospital & The Ohio State University	Hand and upper extremity topics	Pediatric orthopaedics	Women's issues, Diversity issues, Education, etc.	Pediatric hand and upper extremity
Spiker	Andrea	spiker@ortho.wisc.edu	University of Wisconsin - Madison	Hip Preservation - Hip Arthroscopy and Open Surgeries (including Periacetabular Osteotomy for Hip Dysplasia)	General Sports Medicine Topics - including ACL, knee, shoulder injuries and surgeries	Being a Team Physician	Sports Medicine & Shoulder Surgery, Hip Preservation Surgery (Hip Arthroscopy, Surgical Hip Dislocation, Periacetabular Osteotomy)
